

SOFT SILICONE 40 RUBBER SHEET

40 Duro | Food Grade | Heat Resistant | UV Resistant | Silicone Rubber

FEATURES

Industrial Gaskets Soft Silicone 40 Rubber is a premium grade, non-toxic and inert 40 Duro Silicone Rubber Sheet, which has very high temperature resistance and is completely UV stable making it highly resistant to ozone effects and extreme weather conditions. Silicone rubber has good physical properties and will maintain its flexibility over a wide temperature range.

Industrial Gaskets Soft Silicone 40 Rubber Sheet is post cured, FDA compliant, per 21 CFR 177.2600, making it approved for repeated and long term contact with food and has WRAS approval, making it suitable for sensitive and critical high temperature sealing and protection applications.

Silicone 40 Rubber Sheet has low thermal and electrical conductivity and high dielectric strength making it suitable for critical electrical and electronic insulating and isolating applications

Silicone 40 is softer than standard Silicone 60 Rubber sheet making it suitable for sealing applications which require a highly flexible and compressible rubber.

TECHNICAL INFORMATION

Polymer	Silicone	
Colour	Translucent	
Specific Gravity	1.15	ASTM D297
Hardness	40° ± 5° Shore A	ASTM D2240
Tensile Strength	6 MPa (min)	ASTM D412
Elongation @ Break	300% (min)	ASTM D412
Tear Strength	8.5 N/mm (min)	ASTM D624
Compression Set (24hrs @ 150°C)	35% (Max)	ASTM D395B
Thermal Conductivity	0.24 W.m-1 .K-1	
Temperature Range	-60°C to +200°C (continuous) -60°C to +250°C (intermittent)	

AVAILABLE SIZES

STANDARD THICKNESS 1.5mm, 3mm, 6mm

STANDARD ROLL SIZE 1200mm x 10mtrs

Cut lengths, strips and custom shapes are available upon request

APPLICATIONS

Industrial Gaskets Silicone 40 Rubber Sheet has been designed primarily for use as a flexible and compressible strip, pad, lining or gasket and is mainly used for Sealing, Insulating, Isolating and protecting steel or other surfaces in sensitive and critical high temperature applications. Its properties make it suitable for use in a wide range of applications including:

- > Flange gaskets on pipes and tanks
- > Electrical and Lighting fixture seals
- > Lining of pipes and vessels
- > Transfer and joining sleeves
- > Weatherproof flashing
- > Thermal and electrical Insulation
- > Insulating strip
- > Isolation barriers
- > Vacuum forming blankets
- > Heat resistant and non-stick skirting rubber
- > Dryer Fan housing seals
- > High temperature loading socks
- > Heat resistant expansion joints
- > Variety of sealing applications
