

# SILICONE 60 RUBBER SHEET

60 Duro | Food Grade | Heat Resistant | UV Resistant | Silicone Rubber

## FEATURES

Industrial Gaskets Silicone 60 Rubber is a premium grade, non-toxic and inert 60 Duro Silicone Rubber sheet, which has very high temperature resistance and is completely UV stable, making it highly resistant to ozone effects and extreme weather conditions. Silicone rubber has good physical properties and will maintain its flexibility over a wide temperature range.

Industrial Gaskets Silicone 60 Rubber Sheet is post cured, FDA compliant per 21 CFR 177.2600, making it approved for repeated and long term contact with food and has WRAS approval, making it suitable for sensitive and critical high temperature sealing and protection applications.

Silicone 60 Rubber Sheet has low thermal and electrical conductivity and high dielectric strength making it suitable for critical electrical and electronic insulating and isolating applications
